which has now been arranged for the 27th September at 1:30 pm. to be approved. We plan to share this with you at our next meeting organisations for the next three years is still the board waiting The strategic plan, which will inform where we going as

please to say we now have a draft of our three years strategy.

We have consulted with many members and staff and I am say about Hillside and our strengths and weaknesses. have been very busy listening to what all staff and members had to As you know, a lot has changed over the past few months and we First of all apologies for the delay in getting back to you on this.

Dear All,

A LETTER TO MEMBERS

QUIZ: TV

1. When did Big Brother first air on Channel 4?
2. Who was the first presenter of 'The X Factor' in the UK?
3. Which actor played the ninth reincarnation of the Doctor in Doctor Who?
4. The Simpsons was the spin-off show of which American sketch series?
5. What was the name of the tower block where Del Boy and Rodney Trotter lived in Only Fools and Horses?
6. Gillian Anderson plays a therapist in which hit Netflix show?
7. What is the name of the fictional borough of Melbourne where Australian soap Neighbours is set?
8. EastEnders began broadcasting on BBC One in which year?
9. Who is the longest serving presenter of the BBC children's show Blue Peter?
10. What is the name of Mackenzie Crook's character in sitcom The Office?

INFORMATION FOR MEMBERS

the changes were explained in detail to all participants. We also developed a member's handbook which provides information about Hillside and the new structure. We have significantly improved our communication by circulating information and updates on a regular basis and recently by setting up the weekly newsletter. We are also in the process of developing a communication strategy and we are changing IT provider from the 1st August. We listen to your suggestions about having a diverse range of courses and over the past few months we have added several new courses, such as Customer service, Critical Thinking, CANVA plus we have developed some in-house training co-delivered by staff and members and we are keen to develop more of these over the next few months.

Some of you identified a gap in the lack of support and information around benefits and I am pleased to inform you that we are collaborating again with Barnsbury Job centre and the first Information sessions around benefits will be delivered on Friday 1st July and we are keen to hear from you about how useful you found the session.

We aim to continue to have regular members' forum so please keep attending these meetings and do not hesitate to approach us in the meantime if you have any advice/suggestions

Finally, we want to thank all of you who took part in the consultation and those who daily contribute to make Hillside a unique community and a place where people can thrive

Thank you!

The Hillside Team

EXTRAS

BREAKFAST

SANDWICHES

ABOUT JULY

Whom is July named for? July was named in honour of Julius Caesar. Quintilis, which was his birth month, was renamed July when he died. Quintilis means “fifth month” in Latin, which represents where this month originally fell in the Roman calendar.

1. The month of July was named after Julius Caesar by decision of the Roman Senate in 44BC, as July was the month of his birth.
2. Before that, it had been known as Quintilis (fifth) as it was the fifth month in the old Roman calendar.
3. Until the 18th century, the word July in English had the stress on the first syllable and rhymed with duly or truly.
4. Although six months have passed, July 1 is not the mid-point of the year. The exact halfway point comes at 1pm BST on July 3 in a non-leap year.
5. No month ends on the same day of the week as July unless it is a leap year, when January does so.
6. Julius is not now in the top 500 names given to newborn boys in the UK, though Julia is 79th for girls in England and Wales and 74th in Scotland. Julian comes 326th in England and Wales.
7. July's birthstone is the ruby, which is said to symbolise contentment.
8. Seven US presidents have died in July, which is more than any other month.
9. “The English winter, ending in July, To recommence in August, now was done,” (Byron).
10. In all parts of the UK, July is on average the warmest month of the year.

METHOD:

- To make the tomato sauce, heat the olive oil in a saucépan. Add the onions, garlic and carrot. Cook for 5-7 mins over a medium heat until softened. Turn up the heat a little and stir in the tomato puree. Cook for 1 min, pour in the white wine, then cook for 5 mins until this has reduced by two-thirds. Pour over the chopped tomatoes and add the basil leaves. Bring to the boil, then simmer for 20 mins. Leave to cool then whizz in a food processor. Will keep, cooled, in the fridge for up to three days or frozen for three months.
- To make the white sauce, melt the butter in a saucépan, stir in the plain flour, then cook for 2 mins. Slowly whisk in the milk, then bring to the boil, stirring. Turn down the heat, then cook until the sauce starts to thicken and coats the back of a wooden spoon. Will keep, cooled, in the fridge for up to three days or frozen for three months.
- Heat the oven to 200C/180C fan/gas 6. Lightly oil two large baking trays and add the peppers and aubergines. Toss with the olive oil, season well, then roast for 25 mins until lightly browned.
- Reduce the oven to 180C/160C fan/gas 4. Lightly oil a 30 x 20cm ovenproof dish. Arrange a layer of the vegetables on the bottom, then pour over a third of the tomato sauce. Top with a layer of lasagne sheets, then drizzle over a quarter of the white sauce. Repeat until you have three layers of pasta.
- Spoon the remaining white sauce over the pasta, making sure the whole surface is covered, then scatter over the mozzarella and cherry tomatoes. Bake for 45 mins until bubbling and golden.

VEGETABLE LASAGNE

INGREDIENTS:

- 3 red peppers, cut into large chunks
- 2 aubergines, cut into $\frac{1}{2}$ cm thick slices
- 8 tbsp olive oil, plus extra for the dish
- 300g lasagne sheets
- 25g mozzarella
- Handful cherry tomatoes, halved

FOR THE TOMATO SAUCE:

- 1 tbsp olive oil
- 2 onions, finely chopped
- 2 garlic cloves, sliced
- 1 carrot, roughly chopped
- 2 tbsp tomato purée
- 200ml white wine
- 3 x 400g cans chopped tomatoes
- 1 bunch of basil, leaves picked

FOR THE WHITE SAUCE:

- 85g butter
- 85g plain flour
- 750ml milk

Sausage & Pineapple Boat

INGREDIENTS:

- 1 pineapple cut in half
- 1 pack of your favourite sausages
- ½ red bell pepper chopped
- ½ green bell pepper chopped
- 2 cloves of garlic, chopped
- 1 purple onion, chopped
- 1 cup of rice or cauliflower rice
- Sweet chilli sauce
- Sesame seeds (optional)
- Coriander (optional)

DIRECTIONS:

1. Scoop out the middle of your halved pineapple; take your scoop out.
2. Fry the sausages in a pan until brown, then dice.
3. Add your chopped pineapple, bell peppers, onion and garlic to a pan and brown.
4. Remove from skillet and place in large bowl.
5. Cook 2 cups of rice (or cauliflower rice) in a pot. Once cooked, add to the pan to brown slightly, then take off the heat.
6. Place the sliced pineapples halves in a griddle pan until grill marks appear; remove and set aside.
7. In a large bowl, add sausage, veggies, rice, and mix thoroughly.
8. Add scoops of the mixture into the pineapple halves.
9. Top with a sweet chilli sauce and sesame seeds.

14 ALLERGENS

coming to a food label near you

The way allergens are labelled on pre-packed foods is changing because of new regulations. The Food Information Regulation, which came into effect December 2014, introduces a requirement that food businesses must provide information about the allergenic ingredients used in any food they sell or provide.

There are 14 major allergens which need to be mentioned (either on a label or through provided information such as menus) when they are used as ingredients in a food. Here are the allergens, and some examples of where they can be found:

 Celery / Celeriac	This includes celery stalks, leaves, seeds and the root called celeriac. You can find celery in celery salt, salads, some meat products, soups and stock cubes.
 Crustaceans	Crab, lobster, prawns and scampi are crustaceans. Shrimp paste, often used in Thai and south-east Asian curries or salads, is an ingredient to look out for.
 Fish	You will find this in some fish sauces, pizzas, relishes, salad dressings, stock cubes and Worcestershire sauce.
 Milk	Milk is a common ingredient in butter, cheese, cream, milk powders and yogurt. It can also be found in foods brushed or glazed with milk, and in powdered soups and souces.
 Mustard	Liquid mustard, mustard powder and mustard seeds fall into this category. This ingredient can also be found in breads, cakes, muffins, meat products, salad dressings, souces and soups.
 Peanuts	Peanuts are actually a legume and grow underground, which is why it's sometimes called a groundnut. Peanuts are often used as an ingredient in biscuits, cakes, curries, desserts, souces (such as satay souce), as well as in groundnut oil and peanut flour.
 Soya	Often found in bean curd, edamame beans, miso paste, textured soya protein, soya flour or oils, soya is a staple ingredient in oriental food. It can also be found in desserts, ice creams, meat products, souces and vegetarian products.
 Cereals Containing Gluten	Wheat (such as spelt and durum wheat/semola), rye, barley and oats are often found in foods containing flour, such as some types of baking powder, batter, breadcrumbs, bread, cakes, cookies, meat products, pasta, pastry, souces, soups and fried food which are coated with flour.
 Eggs	Eggs are often found in cakes, some meat products, mayonnaise, mayonnaise, pastes, quiche, souces and pastries or foods brushed or glazed with egg.
 Lupin	Yes, lupin is a flower, but it's also found in flour! Lupin flour and seeds can be used in some types of bread, pastries and even in pasta.
 Molluscs	These include mussels, limpet shells, squid and whelks, but can also be commonly found in oyster souce or as an ingredient in fish stews.
 Nuts	Not to be mistaken with peanuts (which are actually a legume and grow underground), this ingredient refers to nuts which grow on trees, like cashew nuts, almonds and hazelnuts. You can find nuts in breads, biscuits, crackers, deserts, nut powders (often used in Asian cooking), stir-fried dishes, ice creams, macarons (Lafayette pasta), nut oils and souces.
 Sesame Seeds	These seeds can often be found in bread (symbolized on hamburger buns for example), biscuits, humous, sesame oil and tahini. They are sometimes roasted and used in salads.
 Sulphur Dioxide (Sulphites)	This is an ingredient often used in dried fruit such as raisins, dried apples and prunes. You might also find it in meat products, soft drinks, vegetables as well as in wine and beer. If you have asthma, you have a higher risk of developing a reaction to sulphur dioxide.

Then we moved on to Powerpoint, creating images for slides on pages and pamphlets to be used for illustrations and advertising. We learnt to use ribbons on tool bars to create, transfer, copy and paste images. By week four, we were focussing on Excel, creating office spread sheets, graphs and charts represented in different formats i.e. information in a table expressed as a pie chart.

We finished by learning about emails using Microsoft Outlook or other sites such as Gmail, learning how to access, send and receive messages. The course is only 5 weeks and is meant as an introduction. The tutors then assesses you at the end and decides if you are able to progress to other IT courses.

I really enjoyed this course and it has been a real help in allowing me to improve my computer skills.

ROBERT McCLELLAND

WANT TO BE A PEER BUDDY?

A new programme that will train and support volunteers to accompany local people in Islington with mental health issues to appointments, services, activities and events.

We are looking for Peer Buddies to offer at least a day a week to:

- Remind people of appointments.
- Support people by helping them travel to appointments that they would struggle to get to on their own, and being with them to provide support and reassurance.
- Help others by providing conversations that are reassuring, friendly and helpful.
- Assist in linking others by offering information and signposting to local services and activities.

What you will gain volunteering as Peer Buddies:

- Opportunities to improve work related planning, service and communication skills and get training on how to be a Peer Worker. Links into local employment specialists for employment support and advice to find paid roles.
- Gain confidence and work readiness through volunteering in your community.
- An up-to-date reference. Advice and support to assist with your role.

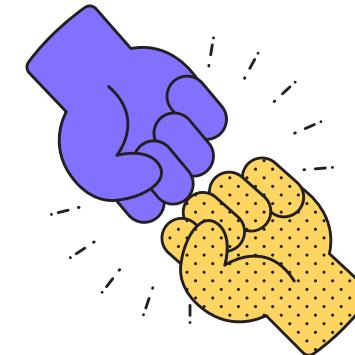

In the first two weeks, we learnt how to log into the college system and VLE (teams), as well as how to do formatting in Microsoft Word such as paragraphs, changing font sizes and styles. We then had to create a formal standard letter using these skills. We also learnt about the Word processing ribbon and how to open and save files.

In our first session, we completed the college induction & wrote our own classroom agreements. We also came up with individual learning plans and got to know each other better. The teacher also asked us to do a quick initial assessment.

The IT course at the Working Men's College lasts for five weeks. Each lesson lasts three hours, with a tea break in-between. One exercise, making a pamphlet advertising an event venue displaying information about the location, date, of the event. The pamphlet celebriting the Queen's Platinum Jubilee. The pamphlet square blocks and jumble sale stalls.

WMC IT COURSE REVIEW

Proudly brought to you by Manor Gardens' Welfare Trust, Islington Council, Camden and Islington NHS Foundation Trust, (LB) Islington MIND, Nubian Users Forum.

Tel: 07738 236 041

To register your interest, simply add your details and any questions to <https://tinyurl.com/peerbud> and we will give you a call.
To have a chat about the role, please feel free to contact Stephen Gardner on:

If you have experience of mental health problems, want to make a real difference in your local community, learn new skills, meet new people and gain great experience, get in touch and book a place! Let us know if you have any challenges getting online and are interested in the training.

- An opportunity to give back to your community by providing an essential service.
- Your costs paid plus special perks via community partners

POEM: BY THE FAITH

By the faith,
Remove the heartache,
By the faith,
We take the courage,
By the faith,
There is no hindrance,
Truly accept heartly,
Repentance,
By the faith,
I see the clouds,
Angels are smiling,
Laughing so loud,
By the faith,
There is direction.
Hopes and dreams,
And inspiration,
By the faith,
We use the love,
Flying birds,
Budgies and dove,
By the faith,
We can survive,
Believe in God,
To keep alive.

ROSARIO RAHAL

MINDFUL COLOURING

Research suggests that mindful colouring, as with meditation and art therapy, can provide numerous benefits for all ages. Along with providing a much-needed break and the chance to relax and refocus, it can help to lift your mood, decrease anxiety and reduce stress.

Colouring has the ability to relax the fear centre of your brain, the amygdala. It induces the same state of mind as meditating, through reducing the thoughts of a restless mind. This generates mindfulness and quietness, which allows your mind to get some rest after a long day a stressful day.

Multiple studies have shown that colouring can reduce depression - the simple act of colouring a picture can be quite beneficial. One popular way to do this is to colour and use it as a form of meditation.

Seven good reasons why colouring is good for you:

- 1.Your brain experiences relief by entering a meditative state.
 - 2.Stress levels have the potential to be lowered.
 - 3.Negative thoughts are expelled as you take in positivity.
 - 4.Focusing on the present helps you achieve mindfulness.
 - 5.Unplugging from technology promotes creation over consumption.
 - 6.Colouring can be done by anyone, not just artists or creative types.
 - 7.It's a hobby that can be taken with you wherever you go.
- Have a go at the picture opposite and be expressive with your colours.

THE UTOPIATES @ THE WATER RATES - REVIEW

I recently went to a gig at a venue called the Water Rats in Kings Cross to see an up and coming indie band called The Utopiates. I went with a friend who I dragged along. We had both never heard of the band until I received a random Facebook link about the show in Kings Cross. The music on the link resonated with me and I was curious to find out the band. So I looked up their videos on YouTube and was pretty impressed.

I spoke to one of the band members on the night who told me a bit about the band and mentioned they were going to be signed by Virgin Music. The band are from Watthamstow and somehow got together over the pandemic years.

Setlist: The Uttopiates | Landfill | The Fantines | Dj Garmez
Venue: The Water Rats
Date: 1st April 2022
